

Google Business Profile and Google Ads: information we need

Hi Caleb,

Now that your website is live, the next step is to set up your Google accounts: your **Google Business Profile** (so Classic Shed Builders LLC shows up on Google Search and Google Maps) and **Google Ads**. All accounts will be created **in your name**, and you keep owner control of each one.

Please answer the questions below, sign at the end and send it back by email or fax. **For your security, please do not write card numbers on this form.**
